

ISRAEL SHOWELL

Salisbury, MD | (443) 497-5371 | showellisrael0@gmail.com | [LinkedIn](#) | [Professional Page](#)

PROFESSIONAL SUMMARY

Adaptable and experienced IT Technician with over 4 years supporting organizations across fast-paced, multi-platform environments, providing remote and on-site support using Windows, macOS, and Linux. Experienced in administering and deploying Cloud and On-Premises infrastructure, information systems analysis, and documenting workflows to maintain SOPs. Known for calm, clear communication, thorough documentation, and effective troubleshooting.

EXPERIENCE

Service Desk Technician

TidalHealth, Salisbury, MD

July 2025 – Current

- Troubleshoot and maintain endpoints across hospital locations on-site and remotely while maintaining HIPAA compliance.
- Provide remote and on-site support for user endpoints, clinical/business apps (Epic, Citrix), Microsoft Office 365, MFA/authenticator and Imprivata workflows, peripherals/printers, and network connectivity issues.
- Perform Active Directory administration, including password resets, unlocks, provisioning requests, and enabling/disabling accounts.
- Resolved 5000+ service tickets through Freshservice, consistently delivering same-day resolutions on 93% of issues and first-touch resolution on over 95% of inbound calls, while maintaining 96% of CSAT surveys scored 7-8/8.
- Provide hands-on instruction and training for new Service Desk Technicians to ensure role familiarity and goal completion.
- Triage Epic issues and coordinate same-day escalation to application owners; collaborate with clinicians to document Epic workflows and create visual guides that standardize troubleshooting for recurring issues.

Volunteer MSL Technical Support & Computer Science Tutor

University of Maryland Eastern Shore, Princess Anne, MD

September 2023 – May 2025

- Co-led a 16-week CS program for 150+ students (ages 8–17), teaching Scratch, HTML/CSS, JavaScript, and Python.
- Provided technical support for lab environments (Windows, Office 365, browsers, IDEs) and created quick-start checklists.

Undergraduate Computer Science Researcher

University of Maryland Eastern Shore, Princess Anne, MD

June 2023 – August 2023

- Investigated flipped-learning approaches for CS courses (20+ hours/week); produced weekly briefs and recommendations.

Undergraduate Computer Science Teaching Assistant

University of Maryland Eastern Shore, Princess Anne, MD

February 2023 – May 2023

- Delivered 20+ hours/week of 1:1 and group support to 30+ students, primarily in C++, including IDE setup and debugging.

National Science Foundation REU Intern

Salisbury University, Salisbury, MD

June 2022 – August 2022

- Researched anomaly detection on large datasets (40+ hours/week) using Wireshark, Python, Linux, and MapReduce.
